Mauzroi Department

Sir

In reply to your docket No 899 dated the 22nd February last regarding the repair of the well near the Government chatram at Chennapatna, I have the honor to report as follows.

Krishnappa a forest watcher excavated the well in question from charitable motives about 8 years back and made it over to the chatram. It is not therefore private property. It is situated outside the chatram building but within its compound.

2. It was repaired as per order No 419 dated 19th February 1892 of the Dy Commissioner. It is therein stated

that although there were no Muzroi Funds available, a Sum of Rs: 25/. was granted, because there was then a great Scarcity of water and the Amildar had strongly Recommended the work.

3. From the enclosed Vernacular file of Correspondence ending with the Chennapatna Amildar's report No 63 dated the 16th Ultimo, it will be seen that the original Correspondence is missing. The repair of the well not having been executed from the District Fund or other funds, the advance has to be adjusted in the Muzroi Department.

4. From the advanced amount of Rs 25/, only Rs 23-4-3 was spent and the balance Rs 1-15-9 credited to Government on 30th June 1893. As there are no funds at the credit of the Shabram, I beg to suggest that the advance may be adjusted from either the General Surplus Funds or Funds remaining at the credit of other Muzroi Institutions

* included in Rs 311-2-11 under the head 19 Miscellaneous in the Taluk C. Accounts

in the Talook, a list whereof was submitted with this Office No. 1044 dated 1st. Instant.

I have the honor to be,

In reply, has the honor

to state that the undersigned visited

the Chattram more than once and found

the building in a fairly sound condi-

-06 tion. It no doubt needed some minor re-

pairs, but not to the extent provided in

the Estimate. It is observed that the Estimate provides for the substitution of a Bangalore tiled roof for the present -- roof. The change seems unnecessary considering the heavy cost involved. It seems sufficient to repair the existing roof in an efficient manner and to carry out the urgent minor repairs ~~requested~~. required.

2. The estimate is accordingly returned for careful re-consideration and revision after personal inspection by the Deputy Commissioner or by the Assistant Commissioner in charge of the Taluk.
